

Outstanding patient safety
Improved usability and ease of application and re-application
Increased patient comfort

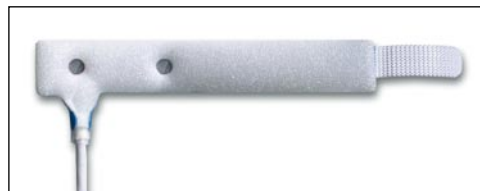

DisposableWrap – The new Disposable SpO₂ Sensor

DisposableWrap – The new Disposable SpO₂ Sensor

EnviteC, a technology leader in non-invasive medical sensing technologies, offers the new DisposableWrap SpO₂ sensor.

Main features are:

- Outstanding patient safety
- Non-Allergic and Skin Protection
- Improved usability in patient application and re-application
- Increased patient comfort

Unlike other disposable SpO₂ Sensors, the EnviteC DisposableWrap SpO₂ sensor accommodates a large comfort in re-application and patient protection. The soft medical grade Velcro® tape serves the best comfort for the patient skin without any risk of skin damage or of allergic reactions. This assists in increase the patient comfort and handling efficiencies for medical personal.

Best patient safety is guaranteed by:

- Medical grade Velcro® Tape for hypo allergic reactions
- Latex free material
- Skin protection though soft material
- Elimination of injuries during re-application

Optimal Handling and ease of patient application for Medical personal:

- Easy to use and fast re-application
- No limitation in stock time

Highly comfortable:

- Ergonomic design for best positioning comfort
- Smart materials ensures best fit
- Reduced sweat creation
- Skin protection

Technical data

Sensor	P/N Type neonatal
Cable	90 cm

Chart of Compatibility	Part number
BCI	DW-2221-6
CSI	DW-2281-6
Datex	DW-2251-6
Envitec	DW-2301-6
Nellcor® 4	DW-2211-6
Nihon Kohden ³	DW-2201-6
Novametrix ¹	DW-2261-6
Ohmeda ²	DW-2241-6

1 Requires EnviteC adapter cable P/N 2261-8 for Novametrix monitors.
 2 Requires EnviteC adapter cable P/N 2241-8 for Ohmeda monitors.
 3 Requires EnviteC adapter cable P/N 2201-8 for Nihon Kohden monitors.
 4 Only for Nellcor® types
